Sir,

I am constrained to approach Government for relief against an injustice done to me by the Corporation of the city of Bangalore. I have exhausted all the remedies open to me by appeals written, verbal, telephonic and personal to the Commissioner of the Corporation and two Mayors, the present holder of the office and his predecessor But I have not been favoured even with an acknowledgement of my applications though the matter is more than eighteen months old I have, therefore, no alternative but to trouble the Government in the matter.

I am the owner of the house and premises bearing Municipal NumberI82 New/I6I old, of the Visveswarapura Division My neighbour to the east Mr.K N Narayana Iyengar, Retired Executive Engineer, has been granted a license without my knowledge and against the regulations of the Corporation to erect a house abutting on my premises without allowing even an inch of ground towards my premises, with the result that light and air have been substantially cut off from my premises, the abutting wall being more than twenty feet high The construction of the house was rushed through with extraordinary haste I have explained in full the details of the matter and the various steps taken by me for relief in my last letter to the present Mayor Mr H S Sitaram in February of this year, and I have enclosed a copy of it for the kind perusal and consideration of Government The relief that I ask for now is that Mr Narayanaiyengar

I) should be prohibited from opening any window, hole or aperture on the wall facing my premises and

As to how a license not covered by the rules was granted to Mr Narayana Iyengar is a matter for inquiry by the officers responsible for the just implementation of

P T O

2

2) should not be allowed to have any drainage pipe or other arrangement to let down rain or other water towards or in the direction of my premises

These conditions should be incorporated in the license granted to Mr Narayana Iyengar.

I beg that the Government may be pleased to consider my prayer and kindly direct such action to be taken by the Municipality as may be necessary to give me relief

May I add that it seems a mystery how, without my knowledge, a license not covered by the rules and affecting my interests prejudicially was granted to Mr Narayana Iyengar by the officers responsible for the just implementation of the Corporation bye-laws

With apologies for the trouble,

Yours faithfully,

(S Hiriannaiya)

Copy of the letter dated 5th February 1954, to Mr H S Sitaram, the Mayor.

You must forgive this intrusion on your time On the 23rd of January, last year I wrote to the Commissioner of the Corporation representing the injustice done to me in granting without my knowledge to Mr T. K. Narayana Iyengar, Retired Executive Engineer (Son-in-law of Mr B V Ramaiyengar) a license to build on the premises adjoining my bungalow a house with its western wall abutting on my grounds and without leaving even an inch of space between my compound and his premises, though the Corporation bye-laws require that at least five feet should be left unbuilt on either side in the case of large sites. A reference to my letter referred to above will explain the matter clearly and also contains my prayer to the Corporation Commissioner I wrote again to him on the 30th January 1953 and yet again on the 23rd February and later on reminded him on the 'Phone'. So far, though more than a year has elapsed my letter has not even been acknowledged

As I did not receive any reply from the Commissioner, I wrote to the Mayor Mr Hanumanthaiya on the 4th February 1953, and called on him personally and explained the situation.

Both the Mayor and the Commissioner came however and inspected the building that was rising and I believe satisfied themselves that my grievance was just and real.

And yet up-to-date no Endorsement has been vouchsafed to me or as far as I know any action taken on my representation that condition may be imposed on Mr Narayana Iyengar, as prayed for by me

Despairing of any action by the Corporation authorities I wrote to Mr Hanumanthaiya on the 16th/18th June 1953, that I would not trouble him with any further communications in the matter

As there has been a change in the Mayoralty I am writing again in the hope that action may yet be taken and injustice done to me

My request is that Mr. Narayana Iyengar,

(1) should be prohibited from opening any window, hole or aperture on the wall facing my premises and

(2) should not be allowed to have any drainage pipe or other arrangement to let down rain or other water towards or in the direction of my premises

As to how a license not covered by the rules was granted to Mr Narayana Iyengar is a matter for inquiry by the officers responsible for the just implementation of

P T O

the Corperation bye-laws.

With apologies for the trouble,

Yours faithfully,
